

BOBBY LONG

DEBUT ALBUM

'A WINTER TALE'

COMING FEBRUARY 1ST 2011

Produced by Grammy® winner Liam Watson

"With raw vocal power and smart, evocative lyrics, Bobby Long is a folk singer with a spirited intensity that puts him outside and above the masses of singer-songwriter roaming our cities, towns, and social networks."

– BLOGCRITICS.COM

"British singer-songwriter Bobby Long is a master."

– DAYTROTTER

"Long's emergence as an up-and-coming artist is the stuff Hollywood loves to make movies about. He continues to amaze audiences with a bare-bones sound reminiscent of early Bob Dylan."

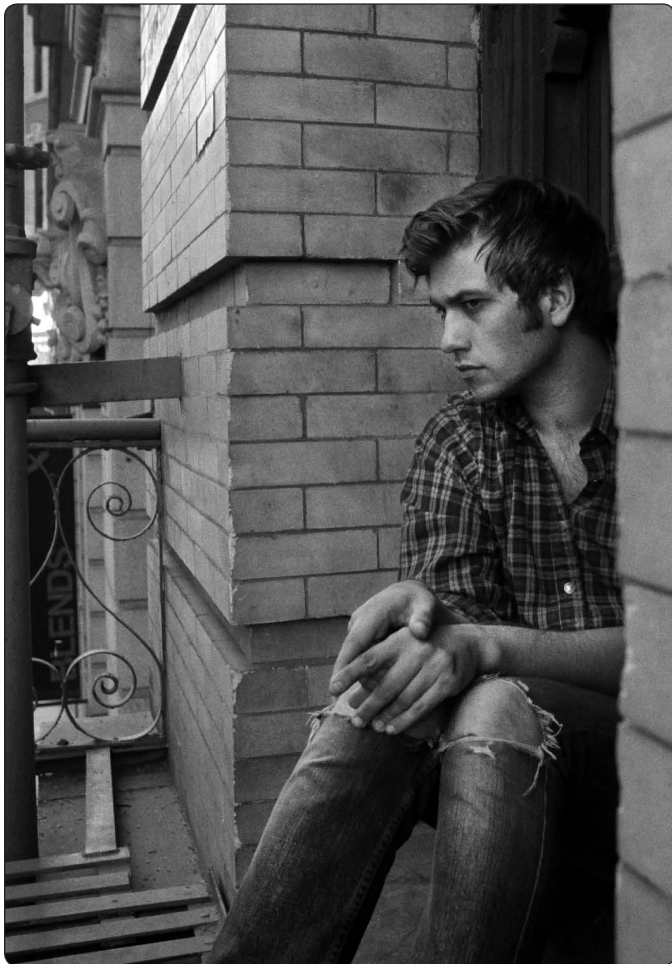

– POLLSTAR

"He breathes a labyrinth of imagery that is so fragile and heartrending—it's impossible to let go."

– JAMBASE

"A beautiful, rough-hewn voice with a catchy way with a chorus."

– BOSTON HERALD

TWILIGHT

Bobby met actor and fellow musician Robert Pattinson (one of Bobby's best mates) who sang "Let Me Sign" (written by Long) over a crucial dramatic scene in the blockbuster film *Twilight*. The inclusion of the song in the film's soundtrack gave Long a head start on a legion of fans.

INDIE RELEASES

Although *A Winter Tale* is the 24-year-old's first foray into the formal recording process, "Left to Lie," his first single from the *Dirty Pond Songs* collection, reached #1 on the iTunes "Unsigned" chart and #8 on the Folk chart.
